Assessor Training Workshop
SkillsActive Services

About the Provider

We are a Sector Skills Council (SSC) licensed by government to approve qualifications, create National Occupational Standards as well as set-up Registers within our sector. We also endorse non-QCF training within our sectors (Sport, Fitness, Playwork, Caravans, Hair & Beauty).

This workshop is designed for those that are currently delivering or looking to deliver CPD training with assessments and who do not have a formal assessing qualification.

SkillsActive have designed this workshop to introduce Assessors to the basic principles of the assessment process and provide an understanding of the roles and responsibilities of an Assessor. It can also be used to standardise assessment operations and best practice for quality assurance purposes in organisations with previously qualified staff.
